

Pre-K 4 SA Summer Academy

invites you to join Sallee Beneke for an active and engaging 2-day introduction to the Project Approach

Engaging Hearts and Minds: Introduction to the Project Approach

Sallee Beneke is an experienced implementer of the Project Approach with young children. She is the author of *Rearview Mirror: Reflections on a Preschool Car Project*, coauthor of *Windows on Learning: Documenting Young Children's Work, Second Edition*, and coeditor of *The Power of Projects: Meeting Contemporary Challenges in Early Childhood Classrooms—Strategies & Solutions*. Dr. Sallee Beneke is an assistant professor at St. Ambrose University.

In this training you will:

- ◆ Identify key features of the Project Approach
- ◆ Discover strategies for implementing the Project Approach in your classroom
- ◆ Participate in a project simulation

The Project Approach is an extended firsthand, in-depth investigation of a topic by a class, a group of children, or an individual child in an early childhood classroom or at home. Projects involve young children in conducting child-initiated research on phenomena and events worth learning about in their own environments.

Date: June 22nd & June 23rd (must attend both days)

Time: 8:30 a.m.-3:30 p.m.

Location: Pre-K 4 SA North Education Center
3635 Medical Drive, 78229

Audience: Pre-K and Kindergarten teachers & administrators

*Lunch will be provided.
